“ *Even though it was only for a few short months, having April Cobb join our team was a true blessing. She was the sunshine in our office and always had a warm hello, hug and a kiss on the cheek for her co-workers. She will be greatly missed by all of us. “ Dear Cousin, We was getting back to know each other. Every morning we made sure a few of us greeted each other with a morning gif, heart or a praise song video. I can't even remove your name from the chat. Your smile is contagious and that laugh so memorable. I know there were many things you wanted to finish doing and seeing the world. Now you have the most amazing view as you look down after all of us. I'm still trying to learn to play spades to seat at the table with y'all. Until we meet again I'll be ready for you! Thank you for that unconditional love, conversations and hugs like no other! Rest in Paradise Lady Always in my Heart

“ *What a beautiful soul with a bright smile and warm heart. April brightened my day, every day. I couldn't get to my desk without a good morning or how did you sneak past me? She didn't let ANYONE sneak past her desk without a hello or good bye, not even Andrew (and he tried). It made us laugh and we LOVED that about her! She didn't let me miss a day without a hug, kiss on the cheek, kind word or holding up finger hearts. She taught us all what kindness, in its most genuine form, looks like. I am blessed to have known her for a short time. Her lesson in kindness will live on in my heart forever.*

“ *We were friends, sisters, and family before we were even born, all I knew you were my friend. We had no disagreements, arguments, fights, or left each other mad. We had all fun and laughs for 47 years. Your humor was Amazing.*

Thank you for loving your Godson like yours, 11 years of co-parenting with me (lol,) wiping my tears, and being the shoulder to lean on. You were my sister. How many people can say they had a sister friend for 47 years. We are family. 💙
