“ *To The Family: To be absent from the body is to be present with the Lord. We know God will surround all of you and give you just what you need. When a family member leave us from the natural and join the spiritual our emotions are all over the place. We say stay with God, lean on and communicate with one another just as you did when cousin Louise was here. We can not feel what you do, but we know God is a Healer. Cousin Louise was very helpful to our "We Are Family" research team from day one and we are forever grateful. We Are Family and you all will always be in our prayers.
